Gr 12 Spanbou en staptoer

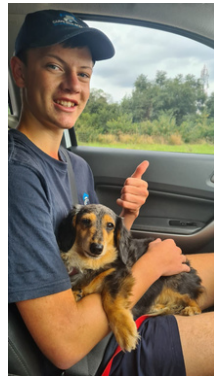

Aan die einde van kwartaal 1 het die gr12 leerders op 'n spanbou en staptoer in Mpumalanga gegaan. Leerders moes hul eie kos saamdra en maak. Tesame met die hindernisbane en baie modder, was daar boeresport en spanbou aktiwiteite waar die matrieks geleer het om op mekaar te vertrou.

Die 25km staptoer was warm, moeilik en lank. Maar dit was ook ongelooflik! Ons het geleer dat ons tot meer in staat is as wat ons dink, en dat groei plaasvind buite ons gemaksones. Die 3 dae het die Gr12's van 2024 werklik versterk as 'n graadgroep.

ECO – CLUB – 12 APRIL

Die Eco-Klub leerders het 'n taai, maar mooi roete gaan stap op die Hedianga plaas. Lilly, die worshond het gertrou saamgestap. Hoewel dit 'n moeilike 5km was, het die leerders dit ten volle geniet en sien hul uit na kwartaal 3 se roete. Juffrou Mone en juffrou Corne het die leerders vergesel.

LAN – 12 April

With very few learners who had attended, games night was surprisingly filled with many intimate moments and memories. We started the night with a Disney themed quiz which the DnD group won scoring a whopping 30 out of 40. The DnD group played John-Henry's DnD Campaign for 5 hours straight. The evening continued with a game of Werewolf which was beautifully narrated and conducted by Richard (11E). Games Night was visited by Mr. Dobbin's favourite DC character, Batman. The mask shared and worn by Tumelo and Phillip (10E) brought joy to us all and we had a great laugh capturing funny videos around the school of Tumelo being the Dark Knight. Veronica (10A) even had her first s'more ever! She rates the snack a ten out of ten. We ended the evening and started the morning watching Star Wars.
